Using Restorative Justice Practices to Promote a Positive Culture and Supportive Climate in Schools

All meetings and workshops are held at the CCCEA Office, unless another location is noted.

Please see the individual flyers for detailed information about our workshops.

Workshops with this symbol  next to them offer Professional Development Credits.

In addition to school postings, flyers can be viewed or downloaded from our website at www.cccea.com.

Attention: Local Presidents, County Voters, Association/Building Reps

Please plan to attend or send a designee to our monthly **Representative Council Meetings**. These meetings are for you to be given the latest information from the County, State, and National levels to bring back to your members.

Be and stay informed!

Making SGOs Work

For the past two years, educators in New Jersey have concentrated on the nuts and bolts of Student Growth Objectives (SGO). This workshop will explore the question of if and how SGOs can be created so they can be used to engage students in the right work and monitor their progress in a way that will truly help to inform instruction.

Higher-Order Questioning Strategies

The Standards place a strong emphasis upon the ability of students to apply knowledge to new and novel situations. In order to better prepare students for the rigor of the Standards, teachers must now model the type of thinking through higher order questioning. This approach creates a learning environment that is conducive to growth by asking students to be explicit about their thinking, incorporate what they already know into new situations, and confront misconceptions. This session will help teachers to incorporate high order questions into their repertoire and foster a growth oriented learning environment.

Date: Thursday, October 13, 2016
